## NOTES:

This specification forms part of the Contract for the proposed work when initialled by both parties. Any changes to this specification and or the plans requested by the Client 'MUST' be in writing in the form of a Contract Variation, and must be signed by both parties ie. Builder and Client, with an agreed price before any changes can be made. This procedure must be followed at all times to ensure that any doubts or potential disputes between the Builder and Owner do not arise. These specifications are accurate at the time of printing and are subject to change without notice due to supply of material, and changes will be replaced with equivalent quality items.
